Summary

Hi!! my name is Yan Bastos, i am a junior developer, with experience being in my projects can i have oportunite work with PHP, Sql, Java, Javascript and someone framewoks, for example Bulma(CSS) and React.

Agile methodology i use Scrum and try put into pratice in my life for the best work in day of day.

I am looking for a company in which i have space to learn, as well as bringing solutios to the work thaat are given to me.
